## Profile

H-Pack Packaging UK Ltd was established in 2016 as the UK & European arm of Hotpack Packaging Industries LLC Group, Dubai, United Arab Emirates. Incorporated in 1995, Hotpack UAE has, over the last 25 years, grown to become the largest manufacturer and distributor of food packaging solutions in the Middle East.

Operating from 2.2 million sq. ft. of factory space and located at 14 Gulf locations, Hotpack manufactures more than 4,000 packaging products made from a variety of base materials including paper, aluminum, compostable plastic and EPS.

The Group has 25 branches in the UK, USA, Morocco, India, Saudi Arabia, Kuwait, Bahrain, Australia, Nigeria, Spain, Oman, Qatar, Sharjah, Ajman, Abu Dhabi, Al Ain, Fujairah and Ras Al Khaimah along with a chain of network partners in most African and CIS countries. With over 4,200 employees, Hotpack supplies premium quality products within a tightly competitive price structure to some of the largest consumer groups around the globe.

H-Pack (UK) now serves the UK & European packaging markets from our flagship 200,000 sq. ft. modern site based at Llay, near Chester. Manufacturing of eco-friendly paper and board-based products commenced at the site in 2017 from where we maintain a large inventory of the Hotpack range, available for immediate dispatch. H-Pack not only offers the premium, international range but specialises in working closely with customers to develop and innovate bespoke products under the latest internationally recognised standards and certifications.

The H-Pack customer base extends from large governmental departments to airlines, international hotel chains and High Street retailers, through to wholesalers, cash & carries, supermarkets, catering companies, restaurants and coffee shops. Our products are hygienically and safely packed in robust, yet lightweight cartons, bags and wraps to ensure they reach the customer in the very best condition. Our vast range of products are principally marketed under the Hot 'n' Fresh' & 'Soft 'n' Cool' brands, however our in-house design team are on hand to help create white-label solutions on request.

Having such a large product range and reputable parentage has ensured that H-Pack UK has quickly established itself as the ultimate 'one-stop shop' for packaging in Europe.

### Our Vision

"To be recognised as a global brand leader in the food packaging industry."

### Our Mission

"Our mission is to achieve progressive and sustainable growth in international markets by steadily increasing our market share through targeted regional and national campaigns that cover our extensive product range. Our in-house expertise is fully equipped to offer state-of-the-art technical manufacturing, fine-tuned sales, and precise logistics across all key market segments."

*Paper Bag  
Manufacturing  
Overview*

## Flat & Satchel Bags

### Available Sizes

	Min	Max
Width	100 mm	350 mm
Height	100 mm	700 mm
Gusset	25 mm	150 mm

Production Capacity – 1.5 million bags /day

### Optional feature

**Window Bags:** These are bags that typically have a transparent window, allowing the contents to be visible. This is commonly used in retail packaging, especially for food products or other items where showcasing the product is important.

**Foil-Coated Bags:** Foil-coated bags often have a metallic or reflective surface. This type of coating can add visual appeal, provide barrier properties to protect the contents from moisture and light, and contribute to the overall durability of the packaging.

**4 to 6 Color Printing:** The ability to print in 4 to 6 colors allows for more vibrant and detailed designs on the bags.

## SOS Machine

### Grab Bags

#### Available Sizes

	Min	Max
Width	120 mm	460 mm
Height	250 mm	630 mm
Gusset	90 mm	230 mm

Production Capacity – 300000 (three hundred thousand) bags /day

#### Optional feature

Machine can produce “Die Cut Bar”.

**4 to 6 Color Printing:** The ability to print in 4 to 6 colors allows for more vibrant and detailed designs on the bags.

## SOS Machine Handle Bags

### Available Sizes

	Min	Max
Width	180 mm	460 mm
Height	270 mm	630 mm
Gusset	90 mm	230 mm

Production Capacity – 300000 (three hundred thousand) bags /day

### Optional feature

Machine can produce “Die Cut Bar”.

**4 to 6 Color Printing:** The ability to print in 4 to 6 colors allows for more vibrant and detailed designs on the bags.

## Printing Machine

Roll to Roll printing with up to 6 colour printing.

Max print size 1200 mm

# Paper Bag With Seal

## Advantages

- \* 1 to 6 colour Printing
- \* 100% print coverage
- \* Inside & outside printing
- \* Aqueous matt finishing
- \* Water Resistant coating

## Size

- \* Min & Max widths 220 to 540mm
- \* Min & Max gusset 80 to 210mm
- \* Min & max gsm 70 to 170

## Paper Types

- \* 100% Recycled
- \* 60% post-consumer waste
- \* 40% Post consumer waste
- \* Wet strength paper
- \* Sack kraft paper
- \* Virgin Kraft Paper
- \* Virgin White paper
